Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter I, San Francisco Municipal Code (Building Code) is hereby amended by amending Sections 1312, 1312.1, and 1312.2 thereof, and by adding Sections 1312.3, 1312.4 1312.A and 1312.B thereto, reading as follows:

SECTION 1312 PURPOSE

The purpose of this section is to provide minimum standards for the regulation and control of design, construction, and quality of materials relating to the security of buildings, particularly regarding points of entry into buildings.

SECTION 1312.1 DEFINITIONS

.1 AUXILIARY LOCKING DEVICE: A secondary locking system added to the primary locking system to provide additional security.

BOLT: A metal bar which can be projected (or thrown) either horizontally or vertically into a retaining member, such as a strike plate, to impede a door or window from moving or opening.

BOLT PROJECTION or BOLT THROW: The distance from the edge of the door, at the bolt center line, to the farthest point on the bolt in the projected position when subject to end pressure.

.2 BURGLARY RESISTANT GLAZING MATERIAL: Those materials which are defined in ANSI/UL STANDARD 972. Where fire opening protectors are required by the SFBC, plastic glazing and laminated safety glass cannot be used. A fire opening protector is an assembly consisting of a fire door, fire window, fire damper or fire shutter. See Sec. 402.6.9, SFBC.

.3 COMPONENT (as distinguished from PART): A sub-assembly which

DOCUMENTS DEPT.
JUL 23 1980
SAN FRANCISCO
PUBLIC LIBRARY

combines with other sub-assemblies to make up a total door or window assembly. For example, the primary components of a door assembly include: door, lock, hinges, jamb/wall, jamb/strike and wall.

CYLINDER: The sub-assembly of a lock containing the cylinder core, tumbler mechanism and the keyway. A double cylinder lock is one which has key-actuated cylinder on both the exterior and interior of the door.

CYLINDER CORE or CYLINDER PLUG: The central part of a cylinder containing the keyway, which is rotated by the key to operate the lock mechanism.

CYLINDER GUARD: A tapered or flush metal ring or plate surrounding the otherwise exposed portion of a cylinder lock to resist cutting, drilling, prying, pulling, or wrenching with common tools.

.4 DEADBOLT: A lock bolt which does not have a spring action as opposed to a latch bolt, which does. The bolt must be actuated by a key, a knob or thumbturn and when projected becomes locked against return by end pressure. A SINGLE CYLINDER DEADBOLT is a deadbolt lock which is activated from the outside by a key and from the inside by a knob, thumbturn, lever, or similar mechanism. A DOUBLE CYLINDER DEADBOLT is a deadbolt lock which can only be activated by a key from both interior and exterior.

DEAD LATCH or DEADLOCKING LATCH BOLT: A spring actuated latch bolt having a beveled end and an incorporated plunger which when depressed, automatically locks the projected latch bolt against return by end pressure.

DOOR ASSEMBLY: A unit composed of a group of parts or components which make up a closure for a wall opening and to control passageway through it. For this section, a door assembly consists of the following parts: door; door frame; hinges, locking device or devices; operation contacts (such as handles, knobs, push plates); and other door hardware (such as closers, door holders, door stops and thresholds).

DOOR BOLT: A manually operated rod or bar attached to a door (usually the inactive leaf of a double door) and installed in pairs; one at the top of the door latching into the door head, a second at the bottom of the door latching into the floor or sill. An AUTOMATIC DOOR BOLT is attached to the inactive leaf of a double

door; it latches automatically when the door closes and releases automatically whe the door closes and releases automatically when the active leaf is opened.

DOOR FRAME: That part of a door assembly which surrounds and supports the door and is attached to the surrounding wall. The members include jambs (vertical), head (upper, horizontal), sill and mullions.

.5 JAMB: The vertical member of a door or window frame in which th door or window is set.

JAMB/WALL: That component of a door assembly to which a door is attached and secured; the wall and jamb used together are considered a unit.

.6 KEY-IN-KNOB: A lockset having the key cylinder and other lock mechanisms contained in the knob.

.7 LATCH or LATCH BOLT: A beveled, spring-actuated bolt which may or may not have a deadlocking device.

LOCK (or LOCKSET): A keyed device (complete with cylinder, latch or deadbolt mechanism, and trim such as knobs, levers, thumb turns, escutcheons, etc.) for securing a door in a closed position against forced entry.

.8 PANIC HARDWARE (or EXIT DEVICE): A door-latching assembly incorporating an unlatching device, the activating portion of which extends across the width of the door leaf on which it is installed. The unlatching force shall not exceed 15 pounds when applied in the direction of exit travel. (See Sec. 3301.C.16, SFBC)

PART (as distinguished from COMPONENT): A unit (or sub-assembly) which combine with other units to make up a component.

PRIMARY LOCKING DEVICE: The single locking system on a door or window unit whose function is to prevent unauthorized intrusion.

.9 RAIL: The horizontal member of a window or door. A meeting rai is one which mates with a rail of another sash or framing member of the door or window frame when the sash is in the closed position.

.10 SASH: A window assembly of stiles, rails, and sometimes, mullions assembled into a single frame which supports the glazing material. A

fixed sash is one which cannot be opened. A movable sash is one which is intended to be opened.

SILL: The lowest horizontal member of a door or window frame.

SOLID CORE WOOD DOOR: A wood door with a core of either solid wood or approved compressed material.

STRIKE: A metal plate attached to or mortised into a door jamb to receive a bolt or latch in order to secure the door to the jamb.

SWINGING DOOR: A door hinged at the jamb or at the head and threshold.

.11 WINDOW ASSEMBLY: A unit which includes a window and the anchorage between the window and the wall.

WINDOW FRAME: That part of a window assembly which surrounds and support the sashes and is attached to the surrounding wall. The members include jambs (vertical), head (upper, horizontal), sill and mullions.

WINDOW LOCKING DEVICE: Part of a window assembly which is intended to prevent movement of the movable sash, and may be the sash lock or sash operator.

SECTION 1312.2 STANDARDS

.1 CLEARANCES: The clearance between the door and the frame and between meeting edges of doors swinging in pairs shall not exceed 1/8 inch. The clearance between the door and the floor with either flush or raised sill shall be not more than 3/4 inch.

.2 DOOR ASSEMBLIES: Swinging door assemblies shall comply with test requirements of Grade 20, ANSI/ASTM 476-76. (See Table 13-B).

.3 FIRE-RATED DOOR ASSEMBLIES: Fire-rated door assemblies shall be required to comply with test requirements of Grade 20, ANSI/ASTM 476-76.

.4 GLAZING: All glazing within forty (40) inches of any locking mechanism of exterior and interior dwelling unit doors shall be of laminated safety glass or burglar resistant glazing. This requirement shall not exempt the swinging door assembly standards of grade 20 of ANSI/ASTM 476-76.

.5 METAL GATES if used shall conform to the following:

a. latch bolt protected by a security plate.

b. hinges, bolts, screws shall be non-removable.

c. area within 40 inches of latch mechanism protected by mesh screen or approved equal.

d. interior release mechanism protected with cover.

SECTION 1312.A HOTEL AND MOTEL SECURITY REQUIREMENTS

For the purpose of this section, any building open to the public and offering accommodations to transient persons for compensation shall be considered as a hotel or motel.

APPROVING REDEVELOPMENT PLAN FOR THE BAYVIEW INDUSTRIAL TRIANGLE REDEVELOPMENT PROJECT AREA AND DESIGNATING SAME AS THE OFFICIAL REDEVELOPMENT PLAN FOR SAID PROJECT AREA.

BE IT ORDAINED by the people of the City and County of San Francisco:

SECTION 1. PURPOSES AND INTENT WITH RESPECT TO THE PROJECT AREA. The redevelopment of the Bayview Industrial Triangle Approved Redevelopment Project area will eliminate the existing conditions of blight which constitute a sub-standard working and living environment, and have a detrimental effect on businesses and residences both within and surrounding the Project.

The purposes and intent of the Board of Supervisors with respect to the Bayview Industrial Triangle Redevelopment Project area are:

1. The preservation and expansion of existing industries by means of voluntary rehabilitation.
2. The improvement of the Third Street frontage by means of mandatory rehabilitation in order to provide an attractive buffer between the residential and industrial areas.
3. The acquisition of vacant and under-developed land in order to rid the area of visible physical blight, and to provide space for new industrial and commercial development.
4. The removal of structurally substandard buildings not feasible for rehabilitation, which permits the use of the land for new industrial and commercial development.
5. The relocation and rehabilitation of residential

structures from the industrial area to nearby residential areas if financially feasible, which also permits the use of the land for new industrial development.

6. The removal of impediments to land disposition and development through the assembly of vacant and under-developed land into reasonably sized and shaped parcels.
7. The enhancement of the working environment through the provision of necessary public improvements.
8. The provision of off-street parking to reduce the impact of expanded and new industrial development on the traffic and circulation patterns within the Project area.
9. The creation of a framework within which the economic health of the Project will be accomplished by private actions.
10. The stimulation of private investment thereby improving the economic health, tax base, and employment opportunities of the City.
11. The provision of opportunities to property owners, businesses and residents to participate in effecting positive environmental change.
12. The elimination and prevention of the spread of blight and deterioration, and the conservation, rehabilitation, renewal and redevelopment of the Project area to the extent permitted

SECTION 2. INCORPORATION OF REDEVELOPMENT PLAN BY REFERENCE. The Redevelopment Plan for the Bayview Industrial Triangle Approved Redevelopment Project Area consists of pages 1-18 inclusive, containing text and maps. A copy of the Redevelopment Plan is on file in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco, and is incorporated in and made a part of this ordinance with the same force and effect as though set forth fully herein.

SECTION 3. DESIGNATION OF OFFICIAL REDEVELOPMENT PLAN. The Board of Supervisors of the City and County of San Francisco, having duly considered the Redevelopment Plan for the Bayview Industrial Triangle Redevelopment Project area submitted to it by the Redevelopment Agency of said City and County, and all evidence and testimony for or against the adoption thereof, said Redevelopment Plan is hereby adopted and approved, and designated the official redevelopment plan for the Bayview Industrial Triangle Redevelopment Project area.

SECTION 4. FINDINGS AND DETERMINATIONS. The Board of Supervisors hereby finds and determines that:

1. The Project is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in the Community Redevelopment Law in the State of California.
2. The Bayview Industrial Triangle Redevelopment Plan will develop the area in conformity with the California Community Redevelopment Law and the interests of the public peace, health and safety and welfare.

3. The adoption and carrying out of the Redevelopment Plan is economically sound and feasible.
4. The Redevelopment Plan conforms to the Master Plan of the City and County of San Francisco, which is recognized as a guide for the general development of said City and County as a whole.
5. The carrying out of the Redevelopment Plan will promote the public peace, health, safety, and welfare of the City of San Francisco, and would affectuate the purposes and policies of the Community Redevelopment Law of the State of California.
6. The condemnation of real property, as provided for in the Redevelopment Plan is necessary to the execution of the Redevelopment Plan, and adequate provisions for payment have been made for any real property to be acquired as provided by law.
7. The Relocation Plan as submitted by the Redevelopment Agency is feasible and can be reasonably and timely affected for the relocation of families, persons, and businesses displaced from the Project area.
8. There are, or are being provided, in other areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and persons

displaced from the project area decent, safe and sanitary dwellings equal in number to the number of and available to such displaced families and persons and reasonably accessible to their places of employment.

9. The elimination of blight and the redevelopment of the Project area could not be reasonably expected to be accomplished by private enterprise acting alone without the aid and assistance of the Redevelopment Agency.

SECTION 5. PERMANENT HOUSING FACILITIES. The Board of Supervisors is satisfied that permanent housing facilities will be made available within three years from the time occupants of the Project area are displaced, and that pending the development of such facilities, there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement. No persons or families of low and moderate income shall be displaced from residences unless and until there is a suitable housing unit available and ready for occupancy by such displaced person or family at rents comparable to those at the time of their displacement. Such housing units shall be suitable to the needs of such displaced persons or families and must be decent, safe, sanitary and otherwise standard dwellings. The Agency shall not displace such person or family unit until such housing units are available and ready for occupancy.

SECTION 6. LEGISLATIVE AND ADMINISTRATIVE COOPERATION. In order to implement and facilitate the effectuation of the Redevelopment Plan hereby approved, it is found and determined that certain official actions must be taken by the City and County of

San Francisco with reference, among other things, to:

1. Approving and accepting the Redevelopment Plan and related documents submitted by the Redevelopment Agency.
2. Making such changes in zoning use districts as may be necessary within the Project area so as to conform to the land use provisions of the Redevelopment Plan; accordingly, the Board of Supervisors hereby:
   (a) pledges cooperation and help to carry out such Redevelopment Plan;
   (b) requests the various officials, departments, boards and agencies of the City and County of San Francisco having administrative responsibilities in the premises likewise to cooperate to such an end and to exercise their respective functions and powers in a manner consistent with said Redevelopment Plan;
   (c) declare its intention to consider and take appropriate action upon proposals and measures designed to provide for the expenditure of any monies by the City and County of San Francisco, or otherwise to effectuate said Redevelopment Plan.

Whenever, in the accomplishment of the Redevelopment Plan it becomes necessary to institute any proceeding for change of zone, change of grade, street opening or widening or other similar proceedings, the City will institute the proceedings, where applicable law permits, without cost to the Agency. In no event shall any charge be made to

the Agency, or any deposit be required of the Agency, where a charge or deposit would not be required of any other government agency.

SECTION 7. REDEVELOPMENT AGENCY RESPONSIBILITY. The Clerk of the Board of Supervisors is hereby directed to send a certified copy of this ordinance to the Agency and the Agency is hereby vested with the responsibility for carrying out the Redevelopment Plan, subject to the provisions of the Redevelopment Plan.

SECTION 8. RECORDATION OF REDEVELOPMENT PLAN. The Clerk of the Board of Supervisors is hereby directed to record with the Recorder of the City and County of San Francisco a description of the land within the Project area and a statement that the proceedings for the redevelopment of the Project area have been instituted under the California Redevelopment Law. The Agency is hereby directed to effectuate recordation in compliance with the provisions of Section 27295 of the Government Code to the extent applicable.

SECTION 9. ADVICE TO BUILDING PERMIT APPLICANTS. The Department of Public Works of the City and County of San Francisco is hereby directed for a period of two years after the effective date of this ordinance to advise all applicants for building permits within the Project area that the site for which building permit is sought for the construction of buildings or for other improvements is within a redevelopment project area.

AMENDING SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING SECTIONS 37.3, 37.7 37.8, 37.9 and 37.10 (RESIDENTIAL RENT STABILIZATION AND ARBITRATION ORDINANCE) THEREOF MODIFYING RENT INCREASE GUIDELINES, APPEALS, NOTICE, EVICTIONS, CIVIL REMEDIES AND CRIMINAL PENALTIES.

Be it ordained by the people of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 37.3 to read as follows:

Sec. 37.3. Applicability.

(a) This chapter shall apply to any landlord or tenant of a rental unit wherein the rental increase or total increases within any continuous twelve (12) month period of a given tenant's occupancy beginning on or after April 15, 1978 exceeds 7%; provided,

(1) In addition to the increase guidelines herein, landlords may impose an additional 6% increase without this Chapter becoming applicable if no rent increase was in effect between April 15, 1978 and April 14, 1979, and the existing tenant was a tenant during that entire period, or an additional 12% increase if no rent increase was in effect between April 15, 1977 and April 14, 1979 and the existing tenant was a tenant during that entire period; provided further,

(2) for the twelve (12) month period beginning April 15, 1979, the guideline 7% increase for a given tenant's occupancy shall be reduced by the amount by which any rent increase in effect during the same tenant's occupancy between April 15, 1978 and April 14, 1979 exceeded ((15%)) 6%; provided further,

(3) in order to reduce the incentive for landlords to impose the full guideline percentages under Sec. 37.3(a), any portion of those percentages not imposed by the landlord as an increase on or before ((the effective date of this ordinance)) June 12, 1979 may be accumulated and imposed at some later date and this chapter shall not be applicable to such increase; provided further,

(4) any guideline increase shall be computed based upon the existing rent at the date of a notice of rental increase or the highest rent paid by the tenant for the same rental unit since April 15, 1978 for any unit where the landlord reduced the rental rate because of real property tax savings; provided further,

(5) no landlord shall increase the rent during a given tenant's occupancy more than once within any continuous twelve month period; except as provided herein; provided further,

(6) no landlord shall increase the rent during a given tenant's first continuous twelve months of occupancy, and provided further;

(7) in any case where a rent increase was imposed during the period of April 16, 1979 through June 12, 1979, any guideline increase shall be computed only after reducing the base rent by said amount.

(b) New leases entered into from the effective date of this ordinance, whether long-term, month-to-month, or implied, oral or written, are covered by the terms of this ordinance.

(c) This chapter shall also apply to any tenant evicted pursuant to Sec. 37.9(a)(11).

Section 2. The San Francisco Administrative Code is hereby amended by amending Section 37.7 thereof, to read as follows:

DOCUMENTS DEPT. JUN 5 1980 SAN FRANCISCO PUBLIC LIBRARY

Sec. 37.7. Certification of Rental Increases for Capital Improvements and Rehabilitation Work.

(a) Authority. The Real Estate Department shall have the authority to certify increases exceeding 7% as defined in Section 37.3 to the extent necessary to amortize the cost of capital improvements and rehabilitation work, to the extent uncompensated by insurance proceeds, upon the receipt and review of an application for certification of said unit or units filed by the landlord if it finds that one or more of the following circumstances exists:

(1) On or after April 15, 1979, the landlord has completed a capital improvement or improvements with respect to an occupied rental unit or units in a given housing complex and has not yet increased the rent or rents to reflect the cost of such work;

(2) On or after April 15,.1979, the landlord has completed rehabilitation work with respect to an occupied rental unit or units in a given housing complex and has not yet increased the rent or rents to reflect the cost of such work.

(b) Determination of Certifiable Rent Increases. Cost determined to be attributed to capital improvements or rehabilitation work shall be amortized over a period which is fair and reasonable for the type and extent of the improvement or work and which will provide an incentive to landlords to maintain, improve, and renovate their properties while at the same time protecting tenants from excessive rent increases. Cost shall be allocated to each unit according to the benefit of the improvements or work attributable to such unit. Any uncompensated labor performed on capital improvements or rehabilitation work by the landlord shall be valued at prevailing labor rates and included as a cost of the capital improvements or rehabilitation work.

Amortization periods and cost allocation formulas shall be established in accordance with rules and regulations established by the Board.

(c) The board shall have no administrative authority over the Real Estate Department in the certification process other than that which is stated in Sec. 37.7, provided, however, that the board may adopt rules requiring certification where an expert independent appraisal is found by the board to be required.

(d) Procedures for Reviewing Certification Requests.

(1) Applications. The landlord may file with the Real Estate Department an application for certification based upon one or more of the grounds set forth in Section 37.7(a), or such other grounds as the board may establish in rules or regulations.

(2) Filing; Filing Fee; Estimator. Requests for certification must be filed on a form prescribed by the board and must be accompanied by such supporting material as the board deems necessary. The Director of the Real Estate Department shall establish a filing fee based upon the cost of the capital improvement or rehabilitation work being reviewed. Such fees will pay for the costs of an estimator and the administrative overhead of the Department in connection therewith. The Director of the Real Estate Department, in conformance with Section 32.54(c) of the San Francisco Administrative Code, may hire an estimator to certify the costs of the capital improvements and rehabilitationwork being reviewed.

(3) Filing Date and Notice to Tenants.

(A) Applications must be filed prior to the mailing or delivery of legal notice of a rent increase exceeding 7%

as defined in Section 37.3 to a tenant or tenants of the unit or units for which the landlord seeks certification.

(B) Upon receipt of a completed application, the Real Estate Department shall notify the tenant or tenants of the subject unit or units by mail of the receipt of such application, the amount of the proposed rent increase, and the landlord's justification for said increase. The notice shall also state that the tenant has a right to submit written objections to the proposed increase within ten (10) days of the date of mailing such notice and shall give the address to which the objections may be mailed or delivered.

(4) Determination by Real Estate Department. Within thirty (30) working days of receiving a completed application, the Real Estate Department shall make a finding regarding the proposed rent increase or increases. The department may find that the proposed increase or any portion thereof is justified or not justified based upon the evidence. Should the department be unable to make said finding within thirty (30) days, it shall so notify the board and the department shall have an additional thirty (30) days in order to make said finding. The findings must include the amount of the landlord's proposed rent increase(s) and the amount of rental increase, if any, certified by the department on a unit by unit basis.

(5) Notification of Findings. Within ten (10) days of making its determination, the department shall mail, at the applicant's cost, copies of its findings to the applicant and to all affected tenants. A tenant receiving a notice of a certified rent increase under this section shall have no

standing to file a petition in accordance with Section 37.8(b) unless within the twelve (12) month period immediately following the certification date, a tenant receives notice from his landlord of any rental increase exceeding that increase which was certified.

(((6) Appeals. A landlord may contest the findings of the Real Estate Department as a petitioner in the hearing process set forth in Sec. 37.8 of this chapter, provided that the landlord meets the requirements of Sec. 37.8(b)(2).))

Section 3. The San Francisco Administrative Code is hereby amended by amending Section 37.8 to read as follows:

Sec. 37.8. Arbitration of Rental Increase Adjustments.

(a) Authority of Board and Hearing Officers. In accordance with such guidelines as the board shall establish, the board and designated hearing officers shall have the authority to arbitrate rental increase adjustments. Unless otherwise stated in this section, all time limits are deemed directory, not mandatory and therefore not jurisdictional.

(b) Request for Hearing.

(1) Procedure for Tenant Petitioners.

(A) Applications. Any tenant who comes within the provisions of Section 37.3, Section 37.7(d)(5), or Section 37.9(a)(11) of this chapter may petition the board for a rental arbitration hearing.

(B) Filing. The request for arbitration must be filed on a petition form prescribed by the board and must be accompanied by such supporting material as the board shall prescribe, including but not limited to a copy of the landlord's notice of rent increase. ((provided, however,

that if the tenant has received notice of a rent increasewhich takes effect between June 13, 1979 and July 31, 1979, the tenant may file by sending a letter to the board stating the amount and effective dates of both the previous rent and the increased rent and attaching available documentation such as the landlord's notice or rent checks or rent receipts. This procedure shall be subject to further rules and time limits to be established by the board.)) If the tenant petitioner has received a copy of Real Estate Department findings of fact regarding his rental unit in accordance with Section 37.7(d)(5), such letter must accompany the petition.

All applications must be accompanied by a filing fee of ten dollars ($10); provided, however, the fee shall be waived for an individual who files an affidavit under penalty of perjury stating that he or she is an indigent person who does not have and cannot obtain the money to pay the filing fee without using money needed for the necessities of life.

(C) Filing Date. The petition must be filed prior to the effective date of the increase as stated in the landlord's notice; provided, however, that petitioner has at least ((ten (10))) thirty (30) days after receipt of notice from the landlord in which to file the petition.

((provided, further that if the petitioner's rent increase takes effect between June 13, 1979 and July 31, 1979, the petitioner may file by sending a letter to the board as provided in item (B) above, which letter shall be postmarked no later than July 31, 1979. This procedure shall be subject to further rules and time limits to be

established by the board.))

(D) Effect of Timely Filing of Petition. Provided a completed petition is timely filed, that portion of the requested rental increase which exceeds the guidelines as defined in Section 37.3 and has not been certified as a justifiable increase by the Real Estate Department in accordance with Section 37.7(c)(4) is inoperative until such time as the hearing officer makes findings of fact at the conclusion of the arbitration hearing.

(E) Notice to Parties. The board shall calendar the petition for hearing before a designated hearing officer and shall give written notice of the date to the parties at least ten (10) days prior to the hearing. Responses to a petition for hearing may be submitted in writing.

(F) Consolidation of Petitions for Hearing. To the greatest extent possible, petitions filed by tenants of a single housing complex shall be consolidated for hearing.

(2) Procedure for Landlord Petitioners

(A) Applications. Any landlord who comes within the provisions of Section 37.3 of this chapter may petition the board for a rental arbitration hearing.

(B) Filing. The request for arbitration must be filed on a petition form prescribed by the board and shall be accompanied by such supporting material as the board shall prescribe, including but not limited to justification for the proposed rental increase. All applications must be accompanied by a filing fee of ten dollars ($10) per rental unit.

(C) Filing Date. The petition must be filed prior to the mailing or delivering to the tenant or tenants legal

notice of the rental increase exceeding the guidelines as defined in Section 37.3.

(D) Notice to Parties. The board shall calendar the petition for hearing before a designated hearing officer and shall give written notice of the date to the parties at least ten (10) days prior to the hearing.

(3) Hearings.

(A) Time of Hearing. The hearing must be held within forty-five (45) days of the filing of the petition. The level of housing services provided to petitioner's rental unit shall not be decreased during the period between the filing of the petition and the conclusion of the hearing.

(B) Conduct of Hearing. The hearing shall be conducted by a hearing officer designated by the board. Both parties may offer such documents, testimony, written declarations or other evidence as may be pertinent to the proceedings. A record of the proceedings must be maintained for purposes of appeal.

(C) Determination of the Hearing Officer. Based upon the evidence presented at the hearing and upon such relevant factors as the board shall determine, the hearing officer shall make findings as to whether or not the noticed or proposed rental increase exceeding the guidelines as defined in Section 37.3 is justified. The burden of proof regarding such justification shall be on the landlord. In making such findings, the hearing officer shall take into consideration the following factors:

(1) Increases or decreases in operating and maintenance expenses, including, but not limited to, real estate taxes, sewer service charges, janitorial service, refuse

removal, elevator service, security system, and debt service; provided however, when a unit is purchased after the effective date of this ordinance, and this purchase occurs within two (2) years of the date of the previous purchase, consideration shall not be given to that portion of increased debt service which has resulted from a selling price which exceeds the seller's purchase price by more than the percentage increase in the "Consumer Price Index for All Urban Consumers for the San Francisco-Oakland Metropolitan Area, U. S. Department of Labor" between the date of previous purchase and the date of the current sale, plus the cost of capital improvements or rehabilitation work made or performed by the seller.

(2) The past history of increases in the rent for the unit and the comparison of the rent for the unit with rents for comparable units in the same general area.

(3) Any findings which the Real Estate Department has made pursuant to Section 37.7 with respect to the unit.

(4) Failure to perform ordinary repair, replacement and maintenance in compliance with applicable state and local law.

(5) Any other such relevant factors as the board shall specify in rules and regulations.

(D) Findings of Fact. The hearing officer shall make written findings of fact, copies of which shall be mailed to the parties with ten (10) days of the hearing.

(E) ((Payment of Rent Heretofor Inoperative)). Payment or Refund of Rents to Implement Arbitration Decision. If the hearing officer finds that all or any portion of the heretofore inoperative rent increase is justified, the

tenant petitioner shall be ordered to pay all or a portion of that cumulative amount ((plus the legal rate of interest,)) to the landlord within five (5) days of the mailing of the findings of fact or said amount may be ordered added to future rents, or that all or any portion of a heretofore operative rent increase is not justified, the landlord shall be ordered to pay that cumulative amount to the tenant petitioner within five days of the mailing of the findings of fact or said amount may be ordered offset against future rents.

(F) Finality of Hearing Officer's Decision. The decision of the hearing officer shall be final unless the board vacates his decision on appeal.

(4) Appeals.

(A) Time and Manner. An appeal to the board from the determination of the hearing officer may be made within fifteen (15) days of the mailing of the findings of fact. Each tenant appeal shall be accompanied by a ten dollar ($10) filing fee; provided, however, the fee shall be waived for an individual who files an affidavit under penalty of perjury stating that he or she is an indigent person who does not have and cannot obtain the money to pay the filing fee without using money needed for the necessities of life. Each landlord appeal shall be accompanied by a ten dollar ($10) per unit filing fee. The appeal shall be in writing and must state why appellant believes there was either error or abuse of discretion on the part of the hearing officer. The filing of an appeal will not stay the effect of the hearing officer's decision.

(B) Record on Appeal. Upon receipt of an appeal, the entire administrative record of the matter, including the appeal, shall be filed with the board.

(C) Appeals. The board shall, in its discretion, hear appeals. In deciding whether or not to hear a given appeal, the board shall consider, among other factors, fairness to the parties, hardship to either party, and promoting the policies and purposes of this chapter, in addition to any written comments submitted by the hearing officer whose decision is being challenged. The board may also review other material from the administrative record of the matter as it deems necessary.

A vote of three (3) members shall be required in order for an appeal to be heard. ((The appeal shall be de novo if the board determines there are serious questions of fact. In all other cases, the appeal shall be limited to a review of the record. In either type of appeal, the board shall exercise its discretion in weighing the facts. Appeals the board decides to hear shall be heard within thirty (30) days of the filing of the appeal.))

(D) Remand to Hearing Officer without Appeal Hearing. In those cases where the board is able to determine on the basis of the documents before it that the hearing officer has erred, the board may remand the case for further hearing in accordance with its instructions without conducting an appeal hearing. Both parties shall be notified as to the time of the re-hearing, which shall be conducted within thirty (30) days of remanding by the board. In those cases where the board is able to determine on the basis of the documents before it that the

hearing officer's findings contain numerical or clerical inaccuracies, or require clarification, the board may continue the hearing for purposes of re-referring the case to said hearing officer in order to correct the findings.

(E) Time of Appeal Hearing Notice to Parties. Appeals accepted by the board shall be heard within forty-five days of the filing of an appeal. Within thirty (30) days of the filing of an appeal, both parties shall be notified in writing as to whether or not the appeal has been accepted. If the appeal has been accepted, the notice shall state the time of the hearing and the nature of the hearing. Such notice must be mailed at least ten (10) days prior to the hearing.

(F). Appeal Hearing; Decision of the Board. At the appeal hearing, both appellant and respondent shall have an opportunity to present oral testimony and written documents in support of their positions. After such hearing and after any further investigation which the board may deem necessary the board may, upon hearing the appeal, affirm, reverse or modify the hearing officer's decision or may remand the case for further hearing in accordance with its findings. The board's decision must be rendered within forty-five (45) days of the hearing and the parties must be notified of such decision.

(G) Notification of the Parties. In accordance with item ((E)) F above, parties shall receive written notice of the decision. The notice shall state that this decision is final.

Section 4. San Francisco Administrative Code is hereby amended by amending Sec. 37.9 to read as follows:

Sec. 37.9. Evictions.

(a) A ((No)) landlord shall ((bring any action)) no endeavor to recover possession of a rental unit unless:

(1) The tenant has failed to pay the rent to which the landlord is lawfully entitled under the oral or written agreement between the tenant and landlord or habitually pays the rent late or gives checks which are frequently returned because there are insufficient funds in the checking account; or

(2) The tenant has violated a lawful obligation or covenant of tenancy other than the obligation to surrender possession upon proper notice and failure to cure such violation after having received written notice thereof from the landlord; or

(3) The tenant is committing or permitting to exist a nuisance in, or is causing substantial damage to, the rental unit, or is creating a substantial interference with the comfort, safety or enjoyment of the landlord or other tenants in the building; or

(4) The tenant is using or permitting a rental unit to be used for any illegal purpose; or

(5) The tenant, who had an oral or written agreement with the landlord which has terminated, has refused after written request or demand by the landlord to execute a written extension or renewal thereof for a further term of like duration and under such terms which are materially the same as in the previous agreement provided that such terms do not conflict with any of the provisions of this chapter; or

(6) The tenant has refused the landlord reasonable access to the rental unit for the purpose of making necessary repairs or improvements required by State or local law, or

for the purpose of inspection as permitted or required by the oral or written agreement, or for the purpose of showing the rental unit to any prospective purchaser or mortgagee; or

(7) The tenant holding at the end of the term of the oral or written agreement is a subtenant not approved by the landlord; or

(8) The landlord seeks to recover possession in good faith for use and occupancy of the landlord, the children, parents, grandparents, grandchildren, brother or sister of the landlord or his or her spouse or the spouses of such relations and does so without ulterior reasons and with honest intent; or

(9) The landlord seeks to recover possession in good faith in order to sell the unit in accordance with a condominium conversion approved under the San Francisco subdivision ordinance and does so without ulterior reasons and with honest intent.; or

(10) The landlord seeks to recover possession in good faith in order to demolish or to otherwise permanently remove the rental unit from housing use and has obtained all the necessary permits and does so without ulterior reasons and with honest intent; or

(11) The landlord seeks in good faith to remove temporarily the unit from housing use in order to be able to carry out capital improvements or rehabilitation work and has obtained all the necessary permits and does so without ulterior reasons and with honest intent. Any tenant ((so evicted)) who vacates the units under such circumstances shall have the right to reoccupy the unit at the prior rent adjusted in accordance with the provisions of this ordinance; or

(12) The landlord seeks to recover possession in good faith in order to carry out substantial rehabilitation, as defined in Sec. 37.2(l), and has obtained all the necessary permits and does so without ulterior reasons and with honest intent.

(b) A landlord shall not endeavor to recover possession of a rental unit unless he/she informs the tenant in writing of the grounds under which possession is sought and that advice regarding the notice to vacate is available from the Residential Rent Arbitration and Stabilization Board, before endeavering to recover possession.

(c) If the landlord has as a dominant purpose retaliation against the tenant because of the tenant's exercise of rights under this ordinance to limit any rent increase as provided herein, and if the tenant is not subject to eviction as provided in Sec. 37.9(a), the landlord may not cause the tenant to quit involuntarily, or decrease any services during the effective period of this ordinance.

(d) It shall be unlawful for a landlord or any other person who willfully assists the landlord to endeavor to recover possession or to evict a tenant except as provided in Sec. 37.9(a). Any person endeavoring to recover possession of a rental unit from a tenant or evicting a tenant in a manner not provided for in Sec. 37.9(a) shall be guilty of a misdemeanor and shall be subject, upon conviction, to the fines and penalties set forth in Sec. 37.10. Any waiver by a tenant of rights under this chapter shall be void as contrary to public policy.

(e) Whenever a landlord recovers possession or unsuccessfully seeks recovery of a rental unit in violation of Administrative Code Section 37.9(a) or Section 37.10 as enacted herein, the tenant or Board may institute a civil proceeding for injunctive relief, money damages of not less than three times actual damages, and whatever

other relief the court deems appropriate. The prevailing party shall be entitled to reasonable attorney's fees and costs pursuant to order of the court. The remedy available under this subsection shall be in addition to any other existing remedies which may be available to the tenant or the Board.

Section 5. San Francisco Administrative Code is hereby amended by amending section 37.10 thereof, to read as follows:

Sec. 37.10. Misdemeanors. It shall be unlawful for a landlord to increase rent or rents in violation of the decision of a hearing officer or the decision of the board on appeal pursuant to the hearing and appeal procedures set forth in Section 37.8 of this chapter. Any person increasing rents in violation of such decisions shall be guilty of a misdemeanor. Any person convicted of a misdemeanor hereunder shall be punishable by a fine of not more than (($500.00)) $2000.00 or by imprisonment in the County Jail for a period of not more than six (6) months, or by both. Each violation of the decision of a hearing officer or the decision of the board on appeal as set forth above shall constitute a separate offense.

Section 6. Severability. If any provision or clause of this ordinance or the application thereof to any person or circumstance is held to be unconstitutional or to be otherwise invalid by any court of competent jurisdiction, such invalidity shall not affect other provisions, and clauses of this ordinance are declared to be severable.

Be it ordained by the People of the City and County of San Francisco:

SECTION 1. This ordinance incorporates by reference all terms of the Memorandum of Understanding entered into between the City and County of San Francisco and Transport Workers Union of America, AFL-CIO, and Transport Workers Union, Local 250-A for fiscal year 1980-81. The provisions of this ordinance shall remain in effect after the end of fiscal year 1980-81 until the passage of an ordinance establishing different provisions.

SECTION 1A. Pursuant to the provisions of Charter Section 8.404 compensations of Platform Employees and Coach and Bus Operators of the Railway, and related trainees, are hereby established, as follows:

		Effective July 1, 1980	Effective Same Date As COLA Under Section 5.1
9163	Transit Operator	$10.04 Hr.	$10.175 Hr.
	Trainee Rate	6.33 Hr.	6.41 Hr.

The trainee rate shall apply on the original employment date and for a period not to exceed 25 working days.

.50¢ per hour extra while instructing or training new employees.

SECTION 1B. The percentage increase, if any, in the cost of living from August, 1980, to December, 1980, as reflected by the revised Urban Wage Earners and Clerical Workers CPI for San Francisco (1967=100), using as the base the index for August, 1980, published by the Bureau of Labor Statistics of the United States Department of Labor shall be determined. The cost of living adjustment shall be an amount equal

to eight-tenths (8/10ths) of the percentage increase in the CPI multiplied by $10.175 for Transit Operators and by $6.41 for Transit Operator Trainees (the wage rates set forth in Section IA). This cost of living adjustment shall be paid for the approximate four month period beginning with the first full pay period after the index for December, 1980, is announced and ending for the pay period during which the index for April, 1981, is announced.

A similar adjustment based on eight-tenths (8/10ths) of the percentage increase, if any, between the April, 1981 and the August, 1980 index, shall be made beginning with the first full pay period after the index for April, 1981 is announced. Said allowance shall remain in effect after the end of fiscal year 1980-81 until the adoption of an ordinance establishing different provisions.

The cost of living adjustments shall not exceed a total expenditure for wages on the part of the City of more than $750,000 for the 1980-81 fiscal year.

The cost of living adjustment in cents per hour shall be used in the computation of straight time, overtime and other premium time earnings, in the same manner as the basic hourly rate is used in such computation.

SECTION II. <u>Vacation, Retirement and Health Service Benefits</u>

The dollar value equivalent to the difference of the vacation, retirement and health service benefits, pursuant to Charter Section 8.404(F) to be paid into the Transport Workers Union-San Francisco Municipal Railway Trust Fund, established by Rule 36 of the Civil Service Commission, and approved by Ordinance No. 108-63 of the Board of Supervisors has not been determined.

The Civil Service Commission will submit to the Board of Supervisors the dollar value equivalent after determination by actuarial survey and said sum shall be paid into said trust fund, provided however, that the maximum contributions by the City and County into said trust fund shall not exceed two million three hundred

thousand dollars ($2,300,000.00) for the 1980-81 fiscal year.

SECTION III. Operators Under Instruction

All operators who have passed the probationary period shall, when learning different equipment or routes other than those routes on which they have been broken in, be paid at their regular rate while doing so. This also applies to operators who return to work after absence. Operators required to go to the instruction school on their own time shall be paid travel time to and from their division of applicable rate. If an operator switches modes of equipment more than once in a three-year period, on the second or subsequent switches he or she will be permitted three (3) days of training only at his or her regular rate of pay. Training required thereafter shall be on the operator's own time.

SECTION IV. Forty-Hour Work Week

1. Split Time

The basic hours of labor shall be eight hours per day. For all hours worked in excess of eight hours, operators shall be paid one and one-half times the straight time rate. Regular operators who are required to have more than two hours of split time in the course of their regular run shall be paid a waiting allowance at the straight time rate for the split time between the end of the second and the end of the third hours. After three hours of split time, operators shall standby and be present in the report room to accept any assignments within their competence that Muni Management requires. Such assignments will be work in the customary line of work performed by the operator. No regularly scheduled run shall have a range over 12 hours. All runs completing work after 8:00 p.m. shall be straight runs.

2. Work Time

For the purpose of computing straight and overtime pay, work time will include:

A) Time as platform employees, operating a transit vehicle, or collection work.

B) Time on report.

C) Time spent by an operator when requested by a duly authorized rail-

way representative to act as a witness or perform similar duties in the interest of the City.

D) Standby time on split or fill-in (make-up) time.

E) Time spent by a permanent operator in breaking in on unfamiliar equipment.

F) Time spent when an operator is required to travel from a relief point away from the home division to the home-division, or the opposite, the running time from the home division to the relief point plus one-half the headway on line(s) traveled to or from the division.

G) Time required of designated union representatives by the division to attend special meetings called by the division superintendent or other railway officials.

H) Time spent in performing other duties at the request of a duly authorized railway representative.

I) Time taken for required Department of Motor Vehicle test(s) during the operator's regular working hours.

J) Three hours for medical examination required for an operator's license if the examination is not taken during the operator's regular work hours.

K) Reporting - clearing allowance shall be included as work time when the operator is required to "report" and "clear" as follows:

i Ten (10) minutes when an operator reports or starts a run or a collect from a division.

ii Ten (10) minutes when an operator ends a run or collect at a division when a turn-in is required.

Effective January 1, 1981, the reporting - clearing allowances may be increased by a maximum of five (5) minutes on the reporting time and ten (10) minutes on the clearing time if these allowances are determined to reflect the actual time required for the operator to complete his/her reporting - clearing duties. Muni and the Union shall jointly conduct a study to determine the time actually required.

The study shall be completed not later than October 1, 1980. Any unresolved disputes as to the conduct of the study shall be submitted to an arbitrator not later than September 15, 1980. Any unresolved disputes as to the results of the study will be submitted to an arbitrator not later than December 1, 1980. The arbitrator's decision shall be binding on the parties.

L) Lunch period. Operators on a straight run requiring six (6) or more hours of work will receive twenty (20) minutes of straight time pay in lieu of a lunch period.

3. Time Off Between Scheduled Work

No operator will be required or asked to perform without a minimum of eight hours off between the time of completion of the last shift and the commencement of the next shift.

4. Operators Called to Claim Department or Court.

All operators called to the Claim Department or Court on the Muni's business shall be paid their regular hourly rate. In all cases where operators are taken from the work to which they have been assigned to go the Claim Department or Court, they shall not receive less pay within the time of their original assignment or run than they would have received had they not been taken from it. When an operator whose run finishes after 10:00 p.m. is required to report to the Claim Department or Court before noon the following day, the operator shall be relieved from his/her run no later than 10:00 p.m. the night before and shall be paid in full for the run.

5. Accident Reports

Operators required to remain on duty to prepare a necessary accident report shall receive one hour of pay at the straight time rate. Standby time, if any, at the end of the run will be subtracted from the one hour.

6. Hours of Work for Part-time Operators

Part-time operators shall not be scheduled for more than five (5) hours work per day. An extra board may be established with part-time operators, but no part-time operator will be assigned to work left vacant unless no regular operators on the extra board are available. Muni agrees that there will be no reduction in the

regular operator extra board for the purpose of having work normally performed by regular extra board operators performed by part-time operators.

7. Cable Car Gripman and LRV Operator Report and Turn-in Time

Beginning with the first sign-up after this agreement is ratified by the parties:

A) Each run for a cable car gripman shall be scheduled for not less than eight (8) hours plus a five minute report time and a 15 minute turn-in time; and

B) Each run for an LRV operator shall be scheduled for not less than eight (8) hours plus a 15 minute report time and a five minute turn-in time.

SECTION V. Night Duty

Night duty is any work performed after 6 p.m. or prior to 6 a.m. Operators shall be paid 6-1/4 percent more than the base hourly rate for work performed during the night duty hours.

SECTION VI. Regular Day Off

An operator required to work on his regular days off in any scheduled work week shall be paid time and a half for such work and shall receive not less than eight (8) hours work. The distribution and eligibility for regular day off work shall be subject to rules established by the General Manager of the Railway after consultation with the union.

SECTION VII. Assignments

1. Voluntary Assignments

Should management desire to change an operator from a scheduled run to another run for the convenience of management, the Division superintendent and the Union Division Officer or their designees shall jointly approach the operator and ask the operator if he would voluntarily make the change. The operator is free to refuse to make the change subject to Section 13.3. If the operator consents to the change, he will be paid the higher of the run pay of his scheduled run or the run to which he was changed, and, in addition, shall be paid a change premium of 30 cents per hour.

2. Change or Abolishment of a Run

In the event that management desires to change or abolish a run or piece of work of a run without calling for a sign-up, the following provisions shall apply:

1) Where pursuant to the five-year plan or on any other basis a change is foreseen at the time of a regular sign-up:

i Management may designate up to 5% of the weekday runs in a division (excluding cable car) as "subject to change" runs.

ii An operator working such a run may be reassigned to the division extra board, but such reassignment may not change the operator's days off or hours of work by more than one hour, and the operator shall carry his/her seniority to the extra board.

iii Any operator so reassigned will be paid the higher of his/her original run pay or the new run pay, plus 30 cents additional per hour.

2) Where there is no advance indication that a run is subject to change at the time of a regular sign-up:

i. Management may change or abolish up to 2% of the weekday runs in a division (excluding cable car).

ii An operator working such a run may be reassigned to the division extra board, but such reassignment may not change the operator's days off or hours of work by more than one-half hour, and the operator shall carry his/her seniority to the extra board.

iii Any operator so reassigned will be paid the higher of his/her original run pay or the new run pay plus 75¢ additional per hour.

SECTION VIII. Holidays

1. The following eleven (11) days shall be considered paid holidays under the provisions hereinafter set forth: New Year's Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving, Christmas, Operator's Birthday, a Floating Holiday which shall be bid within thirty (30) days of execution of this MOU.

2. Each operator who is not assigned to duty on a holiday listed above, shall be paid as follows:

Eight (8) hours straight time.

3. Operators assigned to work on any of such holidays will perform such assignments and will be paid as follows:

A) Operators who work on a holiday shall be paid the regular run pay and, in addition, shall receive a holiday pay computed as set forth in Section 9.2.

B) Operators who are assigned to duty on any of the foregoing holidays and who do not report for duty will not be paid for such holiday.

4. An operator who has performed no work for the Railway during a period of thirty (30) days or more, except for absence during paid vacation immediately preceding a holiday shall not receive any pay for the holiday or be allowed another day off in lieu thereof. Operators who are on leave of absence or who are on the inactive list will not be paid for holidays occurring during their period of absence.

5. An operator shall not receive wages for a paid holiday unless he/she reports for work on his/her last scheduled work day before the holiday and the first scheduled work day after the holiday, except when prevented by proven illness or death in the immediate family.

6. When a contract holiday falls within an operator's vacation period, or in the event an operator's birthday coincides with any other holiday listed herein, such operator shall receive holiday pay for that day, computed as set forth in Paragraph 2.

Any operator having an unused vacation day as a result of a holiday falling

during his/her vacation period shall take the vacation day with pay at a time established pursuant to the procedures set forth in Section 2.

An operator assigned to work on a holiday shall have the option of choosing an alternative day off with pay in lieu of holiday pay pursuant to the procedure set forth in Section 2. The operator shall be paid regular run pay for the holiday worked and shall be paid the eight hours holiday pay on the alternative day off. Not more than three holidays may be so treated by an operator in each fiscal year.

7. Operators shall not be required to work on their birthday holiday or the floating holiday.

SECTION IX. Bereavement Leave

1. Three (3) days' leave with pay shall be allowed to each operator for a death in the immediate family. As used herein, "immediate family" is limited to mother, father, sister, brother, husband, wife, son and daughter, dependent relatives living in operator's home, mother-in-law and father-in-law.

SECTION X. Payment Where Disciplinary Charges are Preferred Against Operators

Time lost because of charges preferred shall be compensated at the regular rate of pay when such charges are not sustained. If charges are sustained there shall be no pay for time lost.

SECTION XI. Jury Duty

An operator who is required to perform jury duty during the operator's regular work day will be granted leave of absence with pay. Such pay shall be the same as if the operator had worked in accordance with the operator's regular schedule for such day, less the amount received for jury duty on such day. An operator who is required to perform jury duty shall be considered as having Saturday and Sunday as assigned days off while performing jury duty.

SECTION XII. Cost of Physical Exams

The City shall bear the entire cost of any physical examination to which an operator is required to submit by requirements of the California Highway Patrol or of the railway.

SECTION XIII. Uniforms and Equipment

1. Operators are required to wear the prescribed railway uniform on duty and shall not wear the uniform at any other time except on their way immediately to and from assigned railway work.

2. Each operator will be responsible for maintaining the uniform in a clean and presentable condition and for maintaining a neat appearance while on duty. The Railway General Manager will have the right to prescribe the parts of the uniform to be worn under different conditions of service. Every operator will display his/her cap numbers or other identifying numbers at all times while on Railway business or work, in such manner as prescribed by the Railway General Manager.

3. All items of uniform, insignia, and equipment supplied to an operator by the Railway will be returned to the Railway, as required by Railway Management, when the operator leaves Railway service. Equipment not so returned will be paid for at cost.

4. Uniforms shall be furnished to operators. The items of uniform apparel to be furnished shall consist of two jackets, two jacket liners, four pairs of trousers, six shirts, two ties, and cap and cap cover or beret if requested.

5. Female operators shall be provided with an appropriate female uniform equivalent to that furnished to male operators.

6. Uniform items are to be replaced when they become unserviceable. The unserviceable item must be submitted in order to receive a replacement.

SECTION XIV. Insurance Plan

1. Life Insurance. A policy of $10,000 with a permanent total disability benefit provision, subject to the conditions and provisions of said policy, shall be provided for all operators with more than five (5) years of service, the full premium cost of which shall be paid for by the Muni. For employees with one (1) year but with five (5) years or less of service a similar policy of $4,000 will be provided. Effective December 1, 1980 these policies will be increased to $12,000 and $6,000 respectively.

A). The Muni shall not be obligated to pay premiums on the policy of an

operator who has been off the payroll and been absent from service for a continuous period of twelve months.

2. Job-Connected Incidents

The Muni shall provide $175,000 accidental death, dismemberment and loss of sight coverage for each operator. This accidental death, dismemberment and loss of sight policy shall be limited to injuries sustained during the course of a felonious assault on the operator provided the injuries arise while the operator is performing the duties of the operator's occupation as assigned and authorized by the Muni, or occurs during direct commutation to and from work by the operator.

SECTION XV. Transit Passes

All operators and retired operators are eligible for annual transit passes.

SECTION XVI. Saving Clause

Should any part hereof of any provision herein contained be rendered or declared invalid by reason of conflicting with any decree of a court, such invalidation of such part or portion of this ordinance shall not invalidate the remaining portions hereof and they shall remain in full force and effect.
